

Our Vision

Optimal health for all
people in our region

Our Mission

Texas AHEC East is making
communities healthier

Guiding Principles

- ◆ We are an organization that values strength and resourcefulness of individual communities.
- ◆ We embrace an environment driven by ethics, honesty, and integrity.
- ◆ We strive to nurture diversity and demonstrate a commitment to collaborative inclusiveness.
- ◆ We draw upon the skills and experience of all our team members.
- ◆ We foster the personal and professional growth of each employee and engender a commitment in providing meaningful, gratifying and challenging work.
- ◆ We are dedicated to promotion of good health in our communities through support of preventive medicine, community health, disease prevention, and health promotion activities.
- ◆ We help build healthier communities with more balanced, responsive and efficient delivery systems.
